RIFATH SHIFA M

FULLSTACK WEB DEVELOPER

8925255239 rifathshifa.mr@gmail.com linkedin.com/in/rifathshifa/ github.com/rifathshifa/

PROFESSIONAL SUMMARY

Results-driven Computer Science undergraduate at GCE Srirangam with hands-on experience building production-grade full stack applications using React.js, Flask, PostgreSQL, and WebSocket. Proven ability to ship end-to-end features — from RESTful APIs and JWT authentication to real-time messaging systems. Seeking a role where strong fundamentals and a bias for building can drive real product impact.

EDUCATION

Bachelor of Engineering (B.E) in Computer Science and Engineering **2023-2027**

Government College of Engineering Srirangam,Trichy

current cgpa: 8.42

Higher Secondary Education **2022-2023**

Government Higher Secondary School,Anandur

percentage: 87.5%

TECHNICAL SKILLS

Programming Language	Frontend	Backend	Database & tools
Python JavaScript	HTML5,CSS3 Javascript,Bootstrap React.js	Flask, REST APIs, JWT Authentication, WebSocket, Socket.IO	PostgreSQL, git & github Figma

PROFESSIONAL PROJECTS

NovaChat – Real-Time Full Stack Chat Application

Developed a real-time full-stack chat application with secure one-to-one messaging, voice messaging, voice and video calling, user profile management, and file sharing. Built JWT-based authentication, RESTful APIs, and WebSocket/Socket.IO for low-latency communication. Used PostgreSQL for database management and designed a responsive, user-friendly interface for an enhanced communication experience.

Medical Tools Hub – React.js

Developed a React.js-based healthcare utility application featuring BMI Calculator, Blood Pressure, Blood Sugar, Heart Rate, Calorie, Water Intake, and Sleep Cycle calculators, along with Medicine Reminder, Symptom Checker, and First Aid Guide. Designed a responsive, user-friendly interface to provide quick health insights and essential medical tools in one platform.
